Condensed Statements

The condensed financial statements and supplemental information contained herein are unaudited, preliminary, and may not comply with generally accepted accounting principles in the United States of America (“U.S. GAAP”) in all material respects. Information is presented on the same basis as it is aggregated into the consolidated results of the Corporation and the Utility; however, such presentation may not be appropriate for each entity on a stand-alone basis.

The unaudited condensed financial statements presented in this Periodic Report have been derived from the books and records of the Controlled Non-Debtor Entities. This information, however, has not been subject to procedures that would typically be applied to financial information presented in accordance with U.S. GAAP, and upon the application of such procedures, the Debtors and the Controlled Non-Debtor Entities believe that the financial information could be subject to changes, and these changes could be material. The information furnished in this Periodic Report primarily includes normal recurring adjustments, but does not include all of the adjustments that would typically be made in accordance with U.S. GAAP. The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the results of operations of the Controlled Non-Debtor Entities in the future.

The Debtors prepare their Statements of Cash Flows and Statements of Shareholder’s Equity solely on a consolidated basis; preparation of such statements on a stand-alone basis for each of the Controlled Non-Debtor Entities would require undue hardship. Accordingly, Statements of Cash Flows and Statements of Shareholder’s Equity for the Controlled Non- Debtor Entities have been omitted.

Intercompany Transactions

Receivables and payables between the Controlled Non-Debtor Entities and the Debtors and/or among the Controlled Non-Debtor Entities have not been eliminated. No conclusion as to the legal obligation related to these intercompany transactions is made by the presentation herein.

Valuation

The valuation information provided herein is based on the book value of the Controlled Non-Debtor Entities (book value of assets less book value of liabilities). The Debtors do not maintain fair market value or other basis of valuation for these entities.
